01 Red Phosphorus

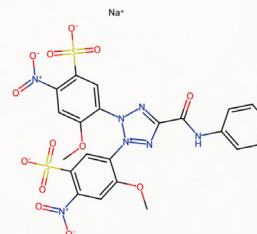

CAS:7723-14-0

02 Phosphorus Pentoxide

CAS:1314-56-3

03 XTT Sodium Salt

CAS:111072-31-2

04 Paraformaldehyde

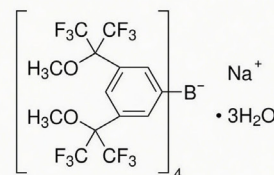

CAS:30525-89-4

05 Hydrazine Standard Solution

CAS:302-01-2

06 HFPB

CAS:120945-63-3

APPLICATION AREAS

Research Laboratories

High-efficiency
research settings

Analytical Testing

Colorimetry, mass spectrometry,
spectroscopy

Biopharmaceuticals

Drug research and
biological experiments

Industrial Production

Fine chemicals and
material synthesis

OUR ADVANTAGES

Strict Quality Control

Advanced testing
technology, batch-by-batch
inspection, stable quality

Extensive Product Portfolio

12 major categories
covering research and
industrial needs

Fast Delivery

In-stock inventory,
efficient logistics,
prompt dispatch

Global Service

Global supply chain
network, serving research
worldwide
